Independent Auditors' Report on Review of Condensed Consolidated Interim Financial Information

The Board of Directors
The Energy House Holding Company K.S.C.P.
State of Kuwait

Introduction

We have reviewed the accompanying 30 September 2014 condensed consolidated interim information of The Energy House Holding Company K.S.C.P. ("the Company") and subsidiaries (together "the Group"), which comprises the interim consolidated statement of financial position as at 30 September 2014, the interim consolidated statements of profit or loss and other comprehensive income for the three and nine month periods ended 30 September 2014, cash flows and changes in equity for the nine month period then ended, and notes to the condensed consolidated interim financial information. The Company's management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34 *Interim Financial Reporting*. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information as at 30 September 2014 is not prepared, in all material respects, in accordance with IAS 34 *Interim Financial Reporting*.

Report on Review of Other Legal and Regulatory Requirements

Furthermore, based on our review, the condensed consolidated interim financial information is in agreement with the accounting records. We further report that nothing has come to our attention indicating any contravention during the nine month period ended 30 September 2014, of the Companies Law No. 25 of 2012, as amended, or of the Company's Memorandum and Articles of Association, that might have had material effect on the Company's activities or on its consolidated financial position.

1. Incorporation and activities

The Energy House Holding Company K.S.C.P. ("the Company") is a Kuwaiti shareholding company registered in the State of Kuwait on 1 October 1996 and its shares are listed on the Kuwait Stock Exchange.

The principal activities of the Company are as follows:

- Ownership of shares of Kuwaiti or foreign shareholding companies or companies with limited liability, or establishing, managing, lending and sponsoring such companies;
- Financing and sponsoring entities in which the Company has an ownership interest of not less than 20%;
- Owning industrial rights such as patents, industrial trademarks, sponsoring foreign companies
 or any other related industrial rights and leasing such as rights for the benefit of the Company
 inside or outside the State of Kuwait;
- Owning real-estates to promote its activities; and
- Utilizing available financial surplus of the Company by investing them in portfolios managed by specialized companies.

The above activities of the Company and its subsidiaries (together "the Group") are organized in business units as explained in note 15.

The Group carries out its activities as per Islamic Shari'ah.

The Company is a subsidiary of Development Enterprise Holding Company K.S.C. (Closed) ("DEH") ("the Parent Company"), which in turn is a subsidiary of Kuwait Finance House K.S.C. ("the Ultimate Parent Company"), a Company listed on the Kuwait Stock Exchange.

On 29 November 2012, through a decree, Companies Law No. 25 of 2012 ("the Law") was issued and later amended by Law No. 97 of 2013 dated 27 March 2013 ("the Decree"). The Law came into effect from the date it was published in Kuwait's Official Gazette. The Executive Regulations have been issued by the Ministry of Commerce and Industry on 29 September 2013 and was published in the Kuwait's Official Gazette on 6 October 2013. According to Article 3 of the resolution, companies have one year from date of publishing the Executive Regulations to comply with the new amended Law. The Company's management is of the view that application of the provisions of the Law has no material impact on the Company's activities or on its consolidated financial position.

The address of the Company's registered office is Arraya Tower 2, Sharq Area, 25th floor, Kuwait City and the postal address is P.O. Box 21909, Safat 13080, State of Kuwait.

The Annual General Assembly of the Company held on 26 March 2014, approved the following:

- consolidated financial statements of the Group for the year ended 31 December 2013; and
- no dividends for the year ended 31 December 2013.

This condensed consolidated interim financial information of the Group was approved for issue by the Board of Directors of the Company on 4 November 2014.

Notes to the condensed consolidated interim financial information (unaudited)

for the period from 1 January 2014 to 30 September 2014

2. Basis of preparation

This condensed consolidated interim financial information has been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting*.

Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the consolidated financial position and performance of the Group, since the last annual consolidated financial statements as at and for the year ended 31 December 2013. This condensed consolidated interim financial information does not include all of the information required for full annual consolidated financial statements prepared in accordance with International Financial Reporting Standards (IFRS).

Operating results for the three and nine month periods ended 30 September 2014 are not necessarily indicative of the results that may be expected for the year ending 31 December 2014.

3. Significant accounting policies

The accounting policies used in the preparation of this condensed consolidated interim financial information are consistent with those used in the most recent annual audited consolidated financial statements for the year ended 31 December 2013. Additionally, the Group has adopted the following IFRS which are effective for annual periods beginning on or after 1 January 2014:

IFRS 10, IFRS 12 and IAS 27

Amendments were made to IFRS 10 Consolidated Financial Statements, IFRS 12 Disclosure of Interest in Other Entities and IAS 27 Separate Financial Statements to:

- provide 'investment entities' (as defined) an exemption from the consolidation of particular subsidiaries and instead require that an investment entity measure the investment in each eligible subsidiary at fair value through profit or loss in accordance with IFRS 9 Financial Instruments or IAS 39 Financial Instruments: Recognition and Measurement;
- require additional disclosure about why the entity is considered an investment entity, details of the entity's unconsolidated subsidiaries, and the nature of relationship and certain transactions between the investment entity and its subsidiaries; and
- require an investment entity to account for its investment in a relevant subsidiary in the same way in its consolidated and separate financial statements (or to only provide separate financial statements if all subsidiaries are unconsolidated).

IAS 32 Offsetting Financial Assets and Financial Liabilities

These amendments clarify the meaning of "currently has a legally enforceable right to set-off" and the criteria for non-simultaneous settlement mechanisms.

IAS 36 Impairment of assets

These amendments remove the unintended consequences of IFRS 13 on the disclosures required under IAS 36. In addition, these amendments require disclosures of the recoverable amounts for the assets or CGUs for which impairment loss has been recognized or reversed during the period. These amendments are effective retrospectively and accordingly will be considered while making disclosures for impairment of non-financial assets in the consolidated financial statements for the year ending 31 December 2014 and would continue to be considered for future disclosures.

The management has determined that the above amendments have no significant financial impact on the condensed consolidated interim financial information of the Group.

Notes to the condensed consolidated interim financial information (unaudited)

for the period from 1 January 2014 to 30 September 2014

3. Significant accounting policies (continued)

IFRS 15 - Revenue from contracts with customers

IFRS 15 specifies how and when an entity will recognize revenue as well as requiring such entities to provide users of financial statements with more informative, relevant disclosures. The standard provides a single, principles based five-step model to be applied to all contracts with customers. The standard was issued in May 2014 and applies to an annual financial statements beginning on or after 1 January 2017.

Management is currently assessing the impact that this standard will have on the financial position and performance of the Company.

4. Judgements and estimates

The preparation of condensed consolidated interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed consolidated interim financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual audited consolidated financial statements as at and for the year ended 31 December 2013.

5. Bank balances, cash and term deposits

11. Fair values of financial assets

Financial instruments comprise of financial assets and financial liabilities. Fair values of all financial instruments are not materially different from their carrying values except financial assets available for sale carried at cost. For financial assets and financial liabilities that are liquid or having a short-term maturity (less than three months) it is assumed that the carrying amounts approximate to their fair value. This assumption is also applied to demand deposits, savings accounts without a specific maturity and variable rate financial instruments. The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in an active market for identical assets and liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: other techniques which use inputs which have a significant effect on the recorded fair value are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

30 September 2014	Level 1 KD	Level 2 KD	Total fair value KD

During the periods ended 30 September 2014, 31 December 2013 and 30 September 2013, there were no transfers between Level 1 and Level 2 fair value measurements.

12. Deemed disposal of a subsidiary

During the period ended 30 September 2014, the Group entered into an agreement to convert the shareholder loan of USD 15 million (KD 4,231,500), provided by the Group to Nordic Energy FZC (the "Subsidiary") to equity. Following the agreement, the Group owns 92.64% equity interest in the subsidiary (31 December 2013 and 30 September 2013: 93.75%).

Since, the above transaction, did not result in loss of control to the Group, the resulting loss of KD 319,790 has been disclosed under "other reserves" in the condensed consolidated statement of changes in equity.

13. Hyperinflation adjustment

IAS 29 requires that financial statements prepared in the currency of a hyperinflationary economy be stated in terms of a measuring unit current at the statement of financial position date and that corresponding figures for previous periods be stated in the same terms to the latest statement of financial position date. This has been applied in Higleig, a subsidiary, and hence the restatement has been calculated by means of conversion factors derived from the Consumer Price Index (CPI) provided by The International Monetary Fund (IMF) and the Central Bank of Sudan (CBS).

Notes to the condensed consolidated interim financial information (unaudited)

for the period from 1 January 2014 to 30 September 2014

13. Hyperinflation adjustment (continued)

The conversion factors used to restate the financial statements of the subsidiary are as follows:

	Index	Conversion factor
30 September 2014 31 December 2013 31 December 2012	428.300 314.826 262.793	1.151 1.198 1.444
31 December 2011 31 December 2010	181.944 153.043	1.189

The above mentioned restatement is affected as follows:

- i. Financial statements prepared in the currency of a hyperinflationary economy are stated after applying the measuring unit current at statement of financial position date and corresponding figures for the previous period are stated on the same basis. Monetary assets and liabilities are not restated because they are already expressed in terms of the monetary unit current at the statement of financial position date. Monetary items are money held and items to be recovered or paid in money;
- ii. Non-monetary assets and liabilities that are not carried at amounts current at the statement of financial position date and components of shareholders' equity are restated by applying the relevant conversion factors;
- iii. Comparative financial statements are restated using general inflation indices in terms of the measuring unit current at the statement of financial position date;
- iv. All items in the income statement are restated by applying the relevant quarterly average or yearend conversion factors; and
- v. The effect on the net monetary position of the Group is included in the consolidated statement of profit or loss as a monetary gain or loss from hyperinflation.

The application of the IAS 29 restatement procedures has the effect of amending certain accounting policies at the subsidiary's level which are used in the preparation of the financial statements under the historical cost conversion.
